

# Mitchell Rose

Information and Computer Systems student at Camosun College with experience in software development, systems administration, cloud computing, and customer service.

Sooke, BC  
(778) 676-9875  
mitchorose386@gmail.com

## EXPERIENCE

### Tim Hortons, Sooke — *Team Member*

Summer 2021 - Winter 2022

- Delivered friendly and efficient customer service in a fast-paced, high-volume environment.
- Operated cash registers and processed customer transactions accurately.
- Prepared food and beverages while maintaining quality and safety standards.
- Collaborated with team members to ensure efficient daily operations.
- Developed strong communication, multitasking, and time-management skills under pressure.

### Little Vienna Bakery (Now Bears Bakery and Cafe), Sooke—*Dishwasher, Barista, Cashier*

Spring 2024 - Winter 2025

- Began as a dishwasher before taking on additional responsibilities as a barista and cashier.
- Prepared coffee and espresso beverages while providing excellent customer service.
- Processed customer purchases and handled cash transactions accurately.
- Maintained cleanliness and organization of kitchen and customer service areas.
- Demonstrated reliability and adaptability by learning multiple roles within the business.

### Island Brew Byou, Langford — *Fruit Crusher, Misc roles*

Summer 2024 - Winter 2025

- Processed grapes and apples for cider and wine production.
- Tracked inventory and maintained production and customer order records.
- Assisted with brewing, filtering, and quality control of cider and wine products.
- Measured and monitored sugar levels during the fermentation process.
- Helped prepare the facility for daily operations, including opening procedures.

## EDUCATION

## TECHNICAL SKILLS

- **Programming Languages:** Java, C++, C#, Python
- **Web Technologies:** HTML, CSS, JavaScript, React, Bootstrap, JSON, REST APIs.
- **Databases:** Oracle SQL, PL/SQL, MariaDB, MongoDB, DynamoDB.
- **Systems & Networking:** Windows Server 2022, Active Directory, Hyper-V, Rocky Linux, Ubuntu, Bash, QEMU, OPNsense.
- **Cloud:** AWS.
- **Tools:** Git, GitHub, Visual Studio, VS Code, Apache NetBeans.
- **Development:** Unity, Agile, Waterfall.

## AWARDS

- **Deans Honour Roll** (Winter 2025)

## LANGUAGES

- **English**

**Edward Milne Community School, Sooke — High School Diploma**

September 2019 - July 2023

**Camosun College, Interurban Campus, Saanich — *Information and Computer Systems Technologist Diploma***

January 2025 - Present

**Expected Graduation:** Summer 2027

**PROJECTS**

**Monument Unmaking — *Capstone 2026***

- Collaborated on the development of an augmented reality application showcasing artwork and monuments from an Indigenous perspective.
- Contributed to backend development and application programming using **C#** and **Unity**.
- Utilized **Amazon Web Services (AWS)** to support backend infrastructure.
- Worked within a collaborative software development team using Agile practices.

Victoria, BC, Canada

E-Mail: [costa.vinicius2005@gmail.com](mailto:costa.vinicius2005@gmail.com) | Phone: +1 (672) 324-0727

## Professional Summary

---

Information and Computer Systems Technology student looking for an opportunity to utilize and improve my current skill set. Interested in integrations, and cloud-based technologies while contributing strong analytical, troubleshooting, and technical skills.

## Education & Skills

---

### Diploma – Information and Computer Systems Technology

Camosun College – Graduation expected Dec/2026

- **Web Development:** JavaScript, Python, React, Node.js, GraphQL, MongoDB, API Development.
- **Languages:** Swift, Java, C++, Python, JavaScript.
- **Database:** Oracle SQL Developer, SQL Server, PL/SQL.
- **Networking/Security:** TCP/IP, DHCP, DNS, Firewall, Wireshark, Nmap, Hyper-V, Docker, SSH, SCP, rsync.

### Technical Certificate – Internet Computing & Design

ETEC / SAGA – 2023

- **Web Development:** HTML, CSS, Bootstrap, WordPress.
- **Database:** SQL Server.
- **Networking/Security:** TCP/IP, DHCP, DNS, Firewall, Hyper-V Manager.
- **Hardware:** Computer assembly, hardware troubleshooting, network cabling, router and switch setup, peripheral installation, and basic maintenance.
- **Design:** Adobe Photoshop, Adobe After Effects, ZBrush, Autodesk Maya.

## Technical Skills

---

- **Enterprise & Cloud Technologies:** AWS (Lambda, API Gateway, DynamoDB, S3), REST APIs and Cloud-based application architecture
- **Systems & Operating Systems:** Windows, Linux (Ubuntu, Rocky Linux, Kali Linux) and macOS
- **Networking:** TCP/IP, DHCP, DNS, Network Troubleshooting, Wireshark and Nmap
- **Databases:** SQL Server, SQL Server Management Studio, MongoDB and DynamoDB
- **Development:** JavaScript, Node.js, Express.js, Git and Docker
- **Business & Productivity Tools:** Microsoft Excel, Microsoft Office 365 and Google Workspace

## Relevant Projects

---

### AWS Cloud-Based AR Monument Platform

- Designed and implemented cloud infrastructure using AWS services including Lambda, API Gateway, DynamoDB, and S3.
- Developed REST APIs for retrieving monument information and managing cloud-hosted digital assets.

- Participated in system architecture design, database planning, and cloud integration activities.
- Created technical documentation and collaborated with team members throughout development.

#### **Enterprise Application Development Projects (Camosun Labs)**

- Developed full-stack applications using Node.js, Express, MongoDB, and REST APIs.
- Participated in requirements analysis, testing, debugging, and deployment activities.
- Worked with authentication, authorization, API documentation, and cloud-hosted services.

## **Work Experience**

---

### **Line Cook - The Monkey Tree Pub – Victoria, BC**

Jan 2025 – Present

- Work efficiently in a fast-paced, team-oriented environment.
- Manage multiple tasks under pressure while maintaining quality standards.
- Collaborate and communicate effectively with team members.

### **Technical Support Specialist - Reloponto Votuponto – Brazil**

*Company specialized in electronic time tracking and access control*

Apr 2023 – December 2024

- Provided front-line support for hardware and software for many clients every day. On busy days, handled up to 10 customers simultaneously via calls and messaging.
- Installed, configured, and maintained tripod turnstile, cameras, time tracking devices and security revolving doors.
- Supported network equipment configuration and troubleshooting.
- Managed and administered databases using SQL Server Management Studio, where I could help clients with more complex tasks and corrupted data.
- Delivered technical guidance and training to clients and end-users, remotely using AnyDesk/TeamViewer, and in person.

### **Designer Assistant - Empregar Já (Work Fast) – Brazil**

*Employment and Internship Agency*

December 2022 – June 2023

- Managed the company's marketing operations by gathering internal client requirements.
- Created designs and videos for social media platforms to boost engagement and brand visibility. Using Adobe Photoshop, Illustrator, Premiere and After Effects.

References upon request.

# EGOR LIDOBARDOV

Interactive Media Development Student — Interactive & 3D Design

Victoria, BC | +1 (778) 677-6430 | elidobardov@gmail.com

---

Interactive Media Development student who enjoys moving between disciplines, including graphic design, 3D, and traditional art, rather than staying in one lane. Hands-on experience creating on-brand social and print content for real clients, plus current experience collaborating on a sponsor-backed full stack app development team. Quick to pick up new creative and technical tools and genuinely excited to keep learning.

## EDUCATION

---

### Camosun College — Interactive Media Development Technologist

Sept 2024 – Aug 2026 (Expected)

Interurban Campus, Victoria, BC

#### Relevant Coursework

- 3D Modeling I, II & III - Autodesk Maya, 3D modeling, texturing, animation
- User Experience Design - User research, journey mapping, usability
- Interface Design - Information architecture, prototyping, user-centered design
- Project Management - Project planning, teamwork, delivery
- Web Development - React, JavaScript, responsive design
- Visual Communications - Graphic design (various courses)
- Introduction to Engineering - Engineering fundamentals, technical design & 3D Modeling

## SKILLS

---

**Creative & Design:** Graphic design & branding • social media content creation • print & exhibition materials • traditional art & illustration

**Technical:** 3D modeling & interactive design fundamentals • app development collaboration • PC hardware assembly & troubleshooting

**Professional:** Team collaboration • project & deadline management • adaptability • client communication

## PROJECTS

---

### Capstone Project — “Monument Unmaking”

May 2026 – Aug 2026

Sponsors: Camosun Innovates | Steps Public Art

- Collaborating with a cross-functional student team and outside sponsor to design and build an interactive application from concept through delivery
- Managing project tasks and deadlines alongside coursework, translating sponsor feedback into iterative improvements
- Building organization, dependability, and communication skills through sustained, long-term teamwork

## RELEVANT EXPERIENCE

---

### Victoria Digital Marketing — Marketing & Content Intern

June 2025 – July 2025

- Documented and promoted local organizations' events through original written content and social media coverage
- Designed on-brand social media graphics, applying core usability and user-experience principles
- Covered a range of live local events — from music performances to a HarbourCats baseball game

### Independent Design Work — Freelance Designer

Project-Based

- Delivered custom design projects for individual clients, including exhibition materials, social content, and promotional posters
- Designed informational exhibition cards giving gallery visitors added context on displayed artwork
- Produced posters and social posts tailored to each client's event and visual identity

## ADDITIONAL EXPERIENCE

---

### Gustogram — Waiter / Shift Opener

May 2022 – Aug 2022

- Delivered friendly, efficient customer service in a fast-paced environment while processing orders and payments
- Opened and organized the front-of-house workspace daily and resolved customer questions calmly and professionally
